IT Security Handbook - Introduction

Everyone at Acme Corp shares responsibility for protecting company data. This handbook summarises the basic rules.

1. Passwords and Accounts

Passwords must be at least 14 characters long and must be changed every 90 days. Multi-factor authentication is mandatory for email and the finance portal.

2. Remote Work and Incidents

Employees working remotely must connect through the company VPN and keep full-disk encryption enabled on their laptops. Any suspected security incident must be reported to the security team within 24 hours.
